**ENVIRONMENT
SAFE PROCESS**

The planet is at the core for us. We follow & adhere to all environmental compliance and adapted manufacturing processes that are pollution-free.

**SAVING MILLION
OF ANIMAL HOMES**

cutting down the rain forest for the wood and veneer is making the animals homeless and thus they are moving to cities and the hunters will kill them.

our extremely perfect blended laminates are look like a natural veneer.

**HAZARD FREE
MFG. PROCESSES**

our products are made from pure phenolic resin, thus there is no urea and other toxic materials being used, it keeps your space free of hazardous gases.

Bringing out the sense of refined richness, our wooden laminates are inspired by nature. So, when you pick up any of these laminates you can recreate the world of woods right into your homes.

This collection express the creative interior in the form of the mixing design sense and regional demands;
