APPEALING ESTHETICS

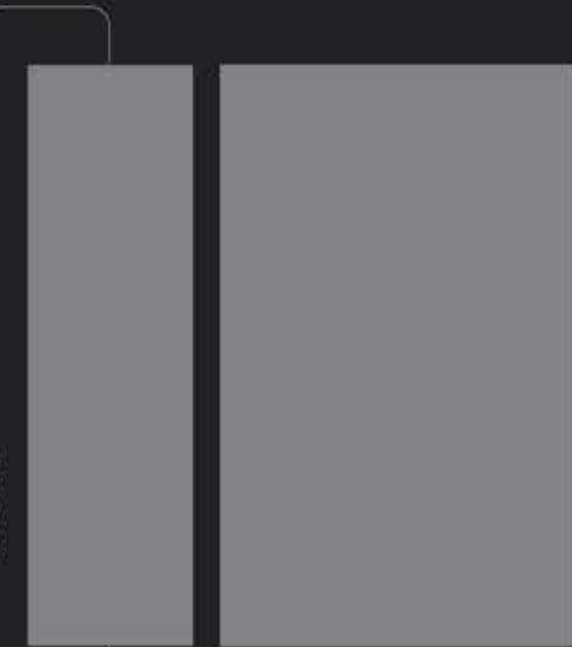

Just Think about Concepts!

Not about upkeep

Whether the application requires a spotfree smooth surface, impression less antifinger technology with stain free properties or reduced scratch and maintenance. A vast array of solutions already exists to provide whether antifinger, water repellence or cleanability. However, it is a challenge for designer to balance all these benefits in a single solution. Aiming at serving this wide range of needs, FINETOUGH® has developed the breakthrough SAS Series.
